What do students say about the course?

"I am currently studying Level 2 Beauty Therapy in Springvale and am now in my second year. I am really enjoying it! I have learned so much so far and Kerri is so supportive with helping me achieve my goals. We have been working hard on our practical sessions and I hope to get a work placement when I feel I am experienced enough with some treatments. Once I complete my level 2 Diploma, I hope to open my own salon."

Rebecca Smyth, Level 2 Beauty Therapy

What do employers say about the course?

I have been providing work placements for the last 4 years for both levels 1 & 2 in Beauty at Springvale which has been a great success. The staff are easy to deal with and everything is explained very easily from what days they are on placement, what experience they will gain and what training they are doing in their course. The tutor has always taken a keen interest in my business and has used that in mind when reviewing the skills the learner has to support my services. I am employing one of the placement learners and she will begin further training in Beauty Therapy through the Apprenticeships NI Programme".

Michelle English, Chic Hair & Beauty.
